

TOUR OF BRITAIN

The Tour of Britain Cycle Race 2022 is due to come through Stokesley on Wednesday 7 September 2022. The estimated time for the race to arrive in Stokesley is between 14.15 and 14.45 and will include a rolling road closure which is estimated between 13.50 and 15.00. The map on the reverse shows the race route and as you will note there is also going to be a sprint in Stokesley which should ensure good TV coverage

We hope you will support this event by decorating your premises in the red, white, and blue colour theme and by promoting any special offers you may run to mark this prestigious event coming through our Market Town. If you inform the Town Clerk of any promotions, we will share through our website and social media (contact@stokesleytowncouncil.gov.uk)

Stokesley Town Council are working with HDC to try and secure a large screen to be sited on the Plain so that visitors can watch the whole of the race in Stokesley and encourage visitors to stay and enjoy our lovely High Street and all it has to offer. If this is achieved, we will promote it through our social media forum and our website www.stokesleytowncouncil.gov.uk
